# **OPEN SESSION – ACTION CALENDAR**

# D. <u>SELECTION OF DIVISTION 3 DIRECTOR:</u>

The seat for the District's Division 3 Director is vacant due to a resignation. The purpose of this meeting is to select a director to represent the voters and residents of Division 3.

There are two candidates who have filed letters of interest to serve as Division 3 Director — Jeff Huckins and Gloria Bozza. Both are residents of Division 3. Both letters of interest are attached to this agenda and have been posted on the district's webpage (https://www.nywd.org).

During this special meeting, the Board of Directors and District Administrative Staff will publicly interview each candidate, then the Board will discuss and select the new District 3 Director through a majority vote. The new Director will serve until the next general election in November 2024.

The new Division 3 Director will be sworn in prior to the next special or regular meetings of the District Board of Directors.

# Some of the questions asked by the board included:

Were you encouraged by anyone to apply for the board position? Have spoken to any member before tonight? What is your most valuable asset you bring to the board? Who do you believe you would represent? Why are you interested in the seat? How do you see the role of a board member? What are your thoughts on return on investment?

After speaking to both candidates, President Furnee made a motion to nominate Gloria Bozza for the District Division 3 Director. Director Ronneberg seconded the motion.

The motion passed with a majority vote with Director Wright voting no.

President Furnee thanked both candidates for their interest in the board and stated it was a joy and privilege to hear from such qualified candidates and for their interest in North Yuba Water District.

# FINAL PUBLIC COMMENT

The Board allows the public an additional opportunity to address the District Board of Directors about matters on the agenda including closed session agenda items. Closing Public comment is limited to no more than five(5) minutes total, shared equally by all members of the public who wish to speck.

**PUBLIC COMMENT:** Members of the public commented on the board to be considerate about the water permits and financial situation.

NOTE: ALL PUBLIC PARTICIPANTS WILL BE MUTED UPON ENTRY INTO THE MEETING AND WILL ONLY BE UNMUTED TO ALLOW THEIR COMMENT. TO PROVIDE PUBLIC COMMENT BY TELECONFERENCE PRESS \*9.

**PUBLIC COMMENT**: Members of the public commented on the flow of irrigation, tired of fighting over water, empathy for annexed customers, proceed with caution when adding customers, a broader voice for irrigation customers and historians for the water. Woodleaf contract is ambiguous. Thank you to the board for water, good and timely answers. Why are we starting season at 10 gal per minute. Nice to see the ditch with water. South

Feather Water & Power has been very generous to reduce their use of water. Does not see the significance of the difference in minor inches, amazing work getting the water to flow. Happy to see what the board has done, and the honest effort being made.

President Furnee reminded the public that Interim General Manager Leona has put a frequently asked questions on the website regarding the miner's inch.

### **DISCUSSION/OPEN SESSION ACTION CALENDAR**

### D. OPPRTUNITY FOR PUBLIC COMMENT – Topics on the Agenda:

Members of the public may address the Board concerning any item on the agenda. No other comments will be allowed. Any member of the public wishing to make comment shall identify the agenda item they intend to address, and they will be provided an opportunity to make comment on that item only. ### E. <u>CONSENT ITEMS</u>

- 1. Approval of Minutes for Regular Board Meeting of April 27, 2023
- 2. Approval of Payroll for the Month of April 2023: \$40,289.88
- 3. Approval of Bills for the Month of April 2023: \$380,162.72

Director Wright discussed with the board that he had asked for his comments to be attached to the minutes from the previous meeting. Director Wright requested that item 1 be amended to include his written comments from the April 27<sup>th</sup> meeting. General Counsel for the District instructed the board that to prevent a potential Brown Act, a short action item should be added on the next agenda regarding a possible action change to the agenda.

Director Wright made a motion to approve consent item 1 as presented with an addendum to attach a copy of his comments from the April 27, 2023, meeting. Director Bozza seconded the motion.

The motion was approved with a unanimous vote.

Vice President Plumb made a motion to approve items 2 and 3 of the consent items. Director Wright seconded the motion.

The motion was approved with a unanimous vote.

# F. <u>KATIE BURDICK</u>: Will present to the Board an update-progress report on the Capital Improvement Plan

Katie Burdick presented to the board the Capital Improvement Plan Overview. After meeting with staff, it was decided that the CIP will be divided in Source to Treatment Plant, Treatment Plant, Domestic Distribution System and Irrigation Distribution System. The components will then be put on a spreadsheet for review. Once complete the draft will be brought to the Board for critiquing.

<u>STAFF REPORTS AND RECOMMENDATIONS:</u> The Board will possibly hear reports by District staff and receive their recommendations for future Board action.

### G. FINANCIAL MANAGERS REPORT:

Financial Manger Heidi Naether reviewed Cash on Hand and Income Statements for the period ending April 30,2023. Total cash on hand in all accounts including reserves was \$4,717,368.89. Total income for the fiscal year to date (July 01, 2022 – April 30,2023) was \$4,721,568.84. Total expenses were \$2,007,528.25, leaving a net revenue over expenses of \$2,714,040.59. Expenses out of Reserves/Savings year to date totaled \$1,698,847.42.

# H. <u>INTERIM GENERAL MANAGERS REPORT/REQUESTS</u>

### 1. Report

Interim General Manager Leona Harris read a very sweet thank you note received in the mail. Leona also thanked Rath Mosely from South Feather for attending the meeting and for all the help that was received in getting the irrigation going

2. Requesting approval to work with RCAC to complete a Median Household Income study for the State Water Resource Control Boards, Department of Financial Assistance. This could insure 100% grant funding if we are reinstated as a disadvantaged community.

Leona asked the board for approval to work with RCAC to complete a Median Household Income study to re-instate NYWD as a disadvantaged community. The cost would be around \$20,000. Director Wright spoke about obtaining solid data. There would be a good return on the investment.

Director Bozza made a motion to give Interim General Manager: Leona Harris permission to contract with RCAC. President Furnee seconded the motion.

The motion was approved by a unanimous vote.

3. Requesting approval to execute the grants that were awarded from Yuba Water Agency at their May 16<sup>th</sup> Board Meeting.

Leona reported that over one million dollars in grants were received from Yuba Water Agency for meter replacement project for \$240,000, share of cost with storage tanks for \$374.785, analysis for flume to turn into syphon for \$400,000 and storm damage for \$7,000.

Director Wright made a motion for Leona to execute the grants received from Yuba Water Agency. Director Bozza seconded the motion.

The motion was approved by a unanimous vote.

4. Requesting approval to interview and hire 2 fulltime employees for operations.

Leona reported that the district currently has 5 full time employees including Robert who does a lot of the paperwork and Kyle is working on water reads. One employee had 30 hours of overtime. Leona explained that they currently only have enough employees to maintain, not to fix anything.

Director Bozza made a motion to give Leona approval to hire two full time employees. Vice President Plumb seconded the motion.

The motion was approved by a unanimous vote.

5. Report on Irrigation Billing to accommodate for the delayed start date.

Leona discussed with the board the delay in the start of the irrigation season. Due to the season starting on May 15, 2023, billing will reflect the start date.

6. Report on the ACWA Conference

Leona discussed the conference and reported on the classes that were attended by her and President Furnee. She thanked the board for the opportunity to attend.

7. Operations Memorandum

Leona presented the Operations Memorandum. President Furnee asked about the main line break. Leona explained that it took about 5 to 6 hours to repair after it was necked down. There were a lot of

customers out of water and there was also an issue with notifications. They are working on ways to get the information out, including more social media.

### I. DISTRICT LEGAL COUNSEL, Paul Boylan:

Mr. Boylan reported to the board that there are still a lot of legal issues and activity, good progress is being made. There is a lot of new issues which will be brought up in a future board meeting in a closed session. Mr. Boylan welcomed Director Bozza to her first regular meeting. Mr. Boylan also touched on some concerns that were brought up by the public which included the division map and the miners inch. He assured the public that the current board is working on them, and it will take time. Mr. Boylan stated that these are issues important to the board and they are addressing them.

### J. <u>DIRECTORS REPORTS:</u>

Director Wright thanked the public; we are at a much better place than we have been. He also gave a big shout out to Robert Sullivan and the field staff in their rapid response to the recent Challenge water line break. He thanked Interim Leona Harris for implementing his recommendation of alerting directors as soon as its conveniently possible about major infrastructure incidents. Director Wright's report also included reference to the rapid expansion at NYWD and suggested that professional customer service training, tools, communication strategies and standards in customer interaction and service be provided to new employees. Director Wright also spoke about the recent appointment meeting and the absence of board discussion, in his opinion, prior to nomination.

President Furnee, in response to Director Wrights comment regarding discussion, responded that when asked for discussion, no one spoke. President Furnee's report to the board included information on the recent conference hosted by the Association of California Water Agencies that she and Leona attended. While in the exhibition hall she was able to talk to a vendor executive regarding communicating productivity with the attorney that is reviewing our permits, the problem was resolved. Lectures attended included Paradise Irrigation District and Wildfire Preparedness, information on water quality tests at the point of sale, value of establishing and documenting baseline values to assist homeowners to make insurance claims, participating in a roundtable discussion about methods for communications to the public about water conservation and she also met with the director of Santa Clarita who installed a new residential water treatment system that removes the "forever chemicals". It was a very good and useful experience.

### FINAL PUBLIC COMMENT

The Board allows the public an additional opportunity to address the District Board of Directors about matters on the agenda, including closed session agenda items. Closing public comment is limited to no more than five(5) minutes total, shared equally by members of the public who wish to speck.

### **PUBLIC COMMENT:**

Members of the public commented on a workshop for irrigation customers, tools for using water better, tapping into Yuba County to do training, the integrated plan is not functioning, and a solicitation grant.

# INDEPENDENT AUDITOR'S REPORT

Board of Directors North Yuba Water District Brownsville, California

# **Opinions**

We have audited the accompanying financial statements of the and for the years ended June 30, 2022, and 2021 and the related notes to the financial statements, which collectively comprise the North Yuba Water District, basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the North Yuba Water District, as of June 30, 2022 and 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the State Controller's Minimum Audit Requirements for California Special District. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the North Yuba Water District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the North Yuba Water District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

# Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the North Yuba Water District internal
  control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the North Yuba Water District ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 7 to be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management Discussion and Analysis June 30, 2022 and 2021

Our discussion and analysis of the North Yuba Water District's financial performance provides an overview of the District's financial activities for the years ended June 30, 2022 and 2021. Please, read it in conjunction with the District's basic financial statements, which begin on page 8.

# **Basic Financial Statements**

The District's basic financial statements include four components:

- Statement of Net Position
- Statement of Revenues, Expenses, Changes in Net Position
- Statement of Cash Flows
- Notes to the Financial Statements

The balance sheet includes all of the District's assets and liabilities, with the difference between the two reported as net position.

The balance sheet provides the basis for evaluating the capital structure of the District and assessing its liquidity and financial flexibility.

The statement of revenues, expenses and changes in net position presents information which shows how the District's net position changed during each year. All of the year's revenues and expenses are recorded when the underlying transaction occurs, regardless of the timing of the related cash flows. The statement of revenues, expenses, and changes in net position measures the success of the District's operations during the year and determines whether the District has recovered its costs through user fees and other charges.

The statement of cash flows provides information regarding the District's cash receipts and cash disbursements during the year. This statement reports cash activity in four categories:

- Operating
- Noncapital Financing
- Capital Financing and Related Financing
- Investing

The statement of cash flows differentiates from the statement of revenues, expenses and changes in net position by accounting for transactions that result in cash receipts and cash disbursements. The notes to the financial statements provide a description of the accounting policies used to prepare the financial statements and present material disclosures required by generally accepted accounting principles that are not otherwise present in the financial statements.

# 1. Organization:

The North Yuba Water District (the "District") was formed on July 22, 1952 under California law for the purpose of providing domestic (treated) and irrigation (untreated) water service within the District boundaries. The earlier years of the District's existence were spent resolving water rights disputes against the Oroville-Wyandotte Irrigation District. A lengthy series of hearings resulted in State Decisions D-838 and D-907 and culminated with the March 8, 1958 and December 9, 1959 Agreements with OWID. The 1959 agreement was amended in 1965 and then superseded in 2005 by the NYWD/SFWPA agreement discussed in item 9 below.

There are five improvement Districts within the North Yuba Water District. Improvement District #1 was formed on March 25, 1964 for the irrigation service area. Improvement District #2 was formed on September 10, 1966 for the domestic service area. Improvement District #3 was formed on April 30, 1968 for the Forbestown water distribution system. Improvement District #5 was formed on July 19, 1974 for the New York House Road water distribution system. Improvement District #6 was formed on February 3, 1979 for the Rackerby water distribution system. At this time, the District serves domestic water to approximately 770 active services in or near the communities of Brownsville, Challenge, Forbestown, and Rackerby, and serves irrigation water to 110 active services in the Dobbins-Oregon House area.

The North Yuba Water District is governed by a five-member Board of Directors, elected by division, who set District policy. Subject to the Board's direction, the overall operation and administration of the District is conducted under the authority of the General Manager/Secretary.

# 2. Summary of Significant Accounting Policies:

The accounting policies of North Yuba Water District conform to generally accepted accounting principles applicable to enterprise funds. The District applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

# Fund Accounting

The District is an enterprise fund. All operations are accounted as an enterprise fund.

Enterprise Fund – The enterprise fund is used to account for water operations that are financed and operated in a manner similar to private business enterprises. The intent of the District is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

Notes to Financial Statements June 30, 2022 and 2021

# 2. Summary of Significant Accounting Policies (continued):

# Basis of Accounting

The basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The District's books and accounts are based upon the Uniform System of Accounts for Public Utilities as prescribed by the Division of Local Government Fiscal Affairs of the State of California. The records are maintained, and the accompanying financial statements are presented on the accrual basis of accounting.

Operating revenues and expenses, such as water sales along with water purchases, result from exchange transactions associated with the principal activity of the District. Exchange transactions are those in which each party receives and gives up essentially equal values. Management, administration, and depreciation expenses are also considered operating expenses. Other revenues and expenses not included in the above categories are reported as non-operating revenues and expenses. Non-operating revenues and expenses, such as grant funding, investment income, and interest expense, result from non-exchange transactions, in which, the District gives (receives) value without directly receiving (giving) value in exchange.

### **Inventories**

Inventories have been valued at the lower of cost (first in, first out) or market.

# **Depreciation**

Utility, plant, and equipment are recorded on the basis of purchase cost. Assets acquired by contributions are recorded at estimated cost or fair market value at the date of acquisition.

Depreciation is calculated by the straight-line method over the estimated useful lives of 3 to 50 years.

# Interest Capitalization

Interest costs are charged to construction projects during the period of construction.

# Statement of Cash Flows

All highly liquid investments with a maturity of three months or less when purchased, are considered to be cash equivalents.

Notes to Financial Statements June 30, 2022 and 2021

# 2. <u>Summary of Significant Accounting Policies (continued):</u>

# Compensated Absences

Vested or accumulated vacation leave, comp. time, and sick pay that is expected to be liquidated with expendable available financial resources is reported as a current liability.

# **Budget and Budgetary Accounting**

The Board of Directors annually adopts an operating budget. The operating budget is prepared on the accrual basis to match the operating statements.

# Tax Revenue

Property tax revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period.

### Cash

The District holds its cash in the County of Yuba Treasury. The County maintains a cash and investment pool and allocates interest to the various funds based upon the average monthly cash balances. The funds held by the County can be withdrawn on demand. Information regarding categorization of investments can be found in the County of Yuba statements. The District also maintains an interest-bearing account with a local bank.

# Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Notes to Financial Statements June 30, 2022 and 2021

# 3. Cash:

At year-end June 30, 2022, the carrying amount of the District's deposits was \$890,544. All of the bank balances were covered by Federal Depository Insurance and collateral held in the pledging bank's trust department. At year-end June 30, 2021 the carrying amount was \$820,421.

At year-end June 30, 2022 cash with a carrying amount of \$2,832,499 was held by Yuba County in the District's name. At year-end June 30, 2021, the amount was \$3,875,022.

Total Compensated Absences	\$ 54,908	\$ 40,254

### 9. Retirement Plan:

On July 1, 1995, the District entered into a pension plan with Laborers' International Union of North America, National Pension Fund. The District pays \$1.60 for every regular hour worked (173.5 average per month) for all full-time permanent employees into the fund.

The District has a deferred compensation plan which is in compliance with Internal Revenue Code Section 457. The District contributes the difference of 10% (which includes applicable payroll taxes) of the employee's base wages minus the amount paid into the pension plan for each employee. Contributions are made on a voluntary basis by the plan participants. No employee may contribute over 25% of yearly base salary or \$7,500 per year, whichever is the lesser amount (this includes the amount that the District contributes). The maximum amount is increased to \$15,000 for the last three years before the participant attains normal retirement age.

Notes to Financial Statements June 30, 2022 and 2021

## 10.South Feather Power Project (SFPP):

On May 27, 2005, the District (NYWD) entered into a new agreement with South Feather Water and Power Agency (SFWPA), which superseded the 1959 agreement with OWID that is discussed in item 1 above. The 2005 agreement was amended in 2010 and 2013.

Details of the 2005 agreement, as amended include the following:

- A. NYWD may continue to receive 3,700 af/yr. from the SFPP at SF-14 at no cost.
- B. After June 30, 2010, NYWD also may receive up to 4,500 acre-feet per year of water at SF-14. NYWD will pay the SFPP Joint Facilities Operating Account for the value of any lost generation at the Woodleaf and Forbestown Powerhouses associated with this water.
- C. After June 30, 2010, NYWD also may receive up to 15,500 af/yr. of additional water at SF- 14. NYWD will pay the SFPP Joint Facilities Operating Account for the value of any lost generation at the Woodleaf, Forbestown and Kelly Ridge Powerhouses associated with such water.
- D. If curtailments in deliveries of water from the SFPP to SFWPA and NYWD for consumptive uses ever are necessary, then such curtailments will be made to SFWPA and NYWD in equal percentages of the demands of SFWPA and NYWD for water for consumptive uses.

Disposition of net SFPP power revenues after 2010

- A. SFPP net power revenues will be divided and paid on or before April 15 of each year, one half to SFWPA's general account and the other half to NYWD's general account.
- B. SFWPA's costs of obtaining the new FERC license will be post-2010 SFPP Joint Facilities costs that will be paid from the SFPP Joint Facilities Operating Account before net power revenues are calculated. Such repayment will be made by uniform payments spread over the first 5 year after 2010.
- C. A SFPP Contingent Reserve Account of \$15,000,000 was established in 2011. At least \$709,000 of net power revenues will be distributed to SFWPA and \$709,000 will be distributed to NYWD each year, except in very dry years when there are no net power revenues.

Notes to Financial Statements June 30, 2022 and 2021

## 10. South Feather Power Project (SFPP) (continued):

### **New SFPP Facilities**

- A. If SFWPA decides to construct any new power-generation facilities as part of the SFPP, and if NYWD decides to participate in such new facilities, then the costs of such facilities will be financed or paid through the SFPP Joint Facilities Operating Account, and all power revenues from, or associated with such facilities will be paid into the SFPP Joint Facilities Operating Account.
- B. SFWPA will own the Sly Creek Powerhouse as a separate facility and SFWPA will be solely responsible for the powerhouse's operation, maintenance, repairs and replacements, unless NYWD decides to "buy in" to this facility.

Forbestown Pipeline and Forbestown Ditch

A. SFWPA transferred to NYWD, on January 1, 2011, all of SFWPA's interests in the Upper Forbestown Ditch (including all of SFWPA's water rights in Oroleve Creek). This transfer did not include any part of the Forbestown Ditch below Gauge WD-6, and NYWD did not have any obligation to serve any of SFWPA's Forbestown Ditch customers. After this transfer, NYWD is obligated to convey up to 11 cfs and 3,720 af/yr. of water from SF-14 through the Upper Forbestown Ditch to SFWPA at WD-6, for SFWPA then to convey rest of the Forbestown Ditch to its customers. SFWPA is not being responsible for any Upper Forbestown Ditch conveyance losses, and all Upper Forbestown Ditch conveyance losses will be subtracted from NYWD's water. NYWD may construct a pipeline or pipelines to replace some, or all reaches of the Upper Forbestown Ditch

### 11. Risk of Loss:

North Yuba Water District is exposed to various risks of loss related to theft of, damage to, and destruction of assets, and injuries to employees. During the 2022 fiscal year, the District purchased certain commercial insurance coverages to provide for these risks.
